**Responses to all questions and the answers should not exceed 250 words per response.**

**1. Personal presentation**

My name is Peter Bergevald, I am 49 years old. I have a passion for everything related to Project Management. Projects, programs, portfolios and PMO's.

**2. My professional career and current work position**

Working within Project Management since year 2000, PMP since 2006. Have mainly worked in large US organisations, Intermec and Jeppesen (a Boeing company). Since the beginning of 2012 I run our small family business as the CEO. I act as a senior consultant, last three years in Banking and Insurance, but also in IT security. I teach PMP Prep Courses, other project management classes, leadership and teambuilding trainings. I also perform individual and team coaching. I work as associated senior consultant at Curago in Gothenburg.

**3. Family and what I do on my spare time:**

I am married with Leona since 1994, and we have two grown up boys Carl 20 and John 18. Besides from long working hours and my volunteer time within PMI, I love everything related to the sea, sailing and boating. Skiing and golfing when I have the opportunity.

**4. Value that I bring to PMI**

Long experience within PMI as a volunteer. Working in Project/Program Management since 2000. Headed two global PMO's Intermec and Jeppesen (Boeing), acting as PMO coach as a consultant.

Together with Sirry Gröndahl I manage the PMO network in the Gothenburg region. Project Management is a true passion and the PMI community has been a natural part of my professional life, but also social with all friends I got through my volunteer work. The PM network I have after all my years is a great asset as a member of the Nominating Committee.

**5. Why volunteering for PMI is important for me**

I have been a volunteer for PMI Sweden Chapter since 2006, in different roles. 2007-2009 I was a board member as Branch Chair region west. Since 2011/12 I have been a member of the Nominating Committee. The organization feels like my second “home”. For me it is a great opportunity to give and share to the community of PM’s and to get back all the great knowledge, experiences and friendship as I do in PMI.
