Responses to all questions and the answers should not exceed 250 words per response.

1. Personal presentation

I am 57 years old and I am living in Västra Frölunda.
I got my PMP 2006 and have been active in the PMI Sweden Chapter for 7 years.
My current roll in PMI Sweden Chapter is as Deputy Auditor and I am active in the West branch.

2. My professional career and current work position

I got my Master of Science degree in electrical engineering from Chalmers University of Technology in 1983 and have worked in the product development field since then. The last 25 years in management roles mainly as project manager.
My current position is as Senior Project Manager at a small family company in Mölndal, just outside Gothenburg.

3. Family and what I do on my spare time:

I am not married and spend most of my time taking care of my house.
I have also a genuine technical interest and like to take electronic thing apart to see how they work and then hopefully manage to get them together in working condition again.

4. Value that I bring to PMI

During the 7 years as a volunteer for PMI Sweden Chapter and the West branch, I have been involved in numerous seminars and two Passion for Projects. This has given me a good insight in the PMI Sweden Chapter organisation and economics and I will use this to help both the Swedish Chapter and the West branch to improve and move forward.

5. Why volunteering for PMI is important for me

PMI is a way to make the work we project managers do more visible, but also to spread our ways of working to the rest of the society. Being a volunteer is my way to take on this task and to help PMI and PMI Sweden Chapter grow and to reach out.

Volunteering is also a fantastic way to grow my personal network and to gain a lot of skill both in the project management area and other “softer” skills.
